Services Guide

Harvey Johnson, Jr., Mayor
City of Jackson, Mississippi

City of Jackson Citizens:

It's the beginning of a new year, and I'm excited to share more great news from the Department of Parks and Recreation. The department continues to enhance the quality of life for individuals through various projects and programs geared towards elevating the recreational needs of Jackson's residents. Whether through important recreational activities and 56 well-kept parks and facilities, the department strives to ensure the highest levels of safety for patrons.

An array of other projects and programs continue to serve citizens of the Capital City. The Adult Athletics and Youth Sports Programs offer year-round recreational activities the entire family can enjoy. We also go beyond sporting events to develop educational programs for our youth. Our After School, Spring Break and Summer Youth Enhancement programs stimulate the motor, social and academic skills of young individuals.

I applaud the hard work and dedication our staff performs every day to ensure the highest quality of life for the citizens of our great city, and I encourage everyone to utilize this publication as a gateway of knowledge to the number of programs and exciting events the Department of Parks and Recreation provides. We look forward to serving you!

Sincerely,

Harvey Johnson, Jr.

Smith-Wills Stadium is a beautiful facility which features many amenities and has a distinct, architectural appearance. The stadium is designed to create the ultimate game day experience for players, coaches, fans and the media.

From 1975 to 1990, Smith-Wills Stadium was home to the Jackson Mets. The Jackson Mets was a Texas League AA affiliate of the New York Mets. From 1991 to 1999, Smith-Wills Stadium also served as home to the Jackson Generals, a Texas League AA affiliate of the Houston Astros.

Several upgrades have been completed to the multi-purpose facility. In 2004, the city of Jackson installed a synthetic playing surface developed by Sprint Turf, Inc. The stadium also has 1,700 fixed seating and a 3,500 bleacher seating capacity.

Today, Smith-Wills Stadium continues to host baseball, football, soccer and other youth sporting events. The facility is also available for lease to entertain guests for concerts and birthday parties.

THUNDERSTORM & LIGHTING CONDITIONS

- 1) When thunder and/or lighting is first noticed, pool staff will use the Flash to Bang (F-B) method to determine its rough distance and speed.
- 2) For each 5 seconds, from F-B, lightning is 1 mile away. Thus, 10 seconds = 2 miles, 15 seconds = 3 miles, and 20 seconds = 4 miles.
- 3) At a F-B count of 30, the pool should be evacuated. Patrons should be directed to a safe shelter nearby.
- 4) Pool activities should remain suspended until 30 minutes after the last thunder is heard. The distance from Strike A to Strike B to Strike C can be from 5 – 8 miles away, and it can strike much farther away.
